Dear Mr. Waddell:

Re: Billing Requirements for Charges on Consumer's Telephone Bills chapter 1220-4-2-.58

As requested in your letter of May 12, 2000, regarding tariff filings for third party bill blocking service and blocking services to prevent calls to 900 and international numbers, BellSouth has provided the following filings:

On April 24, 2000, BellSouth filed a request for a wavier of the 180-day requirement to provide the third party bill blocking service. The Directors at the May 9, 2000 regularly scheduled conference ruled on this request. BellSouth will file tariff revisions on August 1, 2000 addressing the requirements of section (5).

On January 21, 2000, BellSouth filed a revision to the General Subscribers Services Tariff section A13 to add a customized code restriction option for 900 and international blocking. This revision is appears on pages 13.4, 14, and 14.0.1.

If you need additional information please call me or Jerry Jones at 214-3821.

Sincerely,

A handwritten signature in cursive script that reads "Jeff Fox".
